ONE MORE VICTIM.

Another victim to the recklessness of fast driving was injured yesterday afternoon. With careless drivers in the middle of the streets, and reckless bicyclists along the sides, the lives of pedestrians are placed in constant peril. There is unfortunately only one way to put a stop to this evil, and that is to declare rapid cycling and furious driving a nuisance, and to provide severe penalties to be imposed upon all who persist in endangering human life. The careful cyclists, the majority of them are careful, suffer because of the recklessness of the brainless ones who ride through the busy streets at break-neck speed regardless of possible injury to women and children. The same thing may be said with equal truth of the drivers. If these will make themselves agents in behalf of public safety and for their own reputations, and see to it that the offenders are arrested and severely punished, we shall hear of fewer road accidents. The Bicycle club has already expelled one or more members for careless speeding and other misconduct. If the club, as a matter of self-protection, will be equally positive in bringing the heartless ones who ride people down on the streets to justice, it will perform a service for itself and the public. Sight should not be lost of the fact that persons are injured nearly every day by bicyclists and drivers in an effort to show that one or both have a statutory right to the use of the streets.

EXHIBIT OF ROADS.

One of the suggestions to the Columbian exposition, which ought to and will meet with general approval, is the effort to be made for the improvement of country roads. To this end all the more improved methods of grading and the latest mechanical appliances in road work will be exhibited. That the wretched condition of most country roads can be remedied, all know, who have ever given a moment's thought to the subject. The value of smooth hard roads can not be overestimated. Farmers generally would be profited if passable roads were insured to them at all seasons of the year. The agitation of this question now going on is in the right direction. It is extremely gratifying to know that an opportunity is to be presented to witness all the methods in vogue, and to learn the more feasible and economical plans employed throughout the world. The workings of prison labor will be exemplified and the beneficial results shown. Progress has made vast strides in everything pertaining to life's comforts, and good roads should be included in the list. They who will derive the most comfort and the greater profit from passable roads, must be the ones to keep rolling the wheel now set in motion.

AKEYLE INSTITUTE.

On Sunday next the Episcopal churches throughout the diocese of Western Michigan are to unite in an offering for the benefit of Akeley institute, the boarding school for girls at Grand Haven. The money is to be applied to the furnishing of the new brick structure just added to this valuable plant, and which will be ready for occupancy next September. The land and two buildings which have accommodated twenty-five pupils and the faculty for four years, were the gift of the Hon. H. C. Akeley, as a memorial to his daughter, Blanche. The construction of the new building, which will triple the capacity of the institute, has been made possible through funds furnished by the bishop of the diocese. The school has not only been self-supporting from the beginning, but has added considerably to its personal property. This is the first time any call has been made for outside assistance. That churchmen throughout the diocese will respond cheerfully and generously, goes without saying.

CLEANING UP THE PAST.

Ex-Speaker Reed's speech, made at the Boston banquet, bristled with aptly expressed hits at democracy, and abounded with epigrammatic sentences. In the following sentence, "Our principal difficulties arise from the fact that we republicans who do something have to live in this practical world, which really exists, instead of in the heaven of rest in which the democratic party now does its work," he tersely presents the vital difference between the two parties. He might also with great propriety have added that the democratic party is in such an abstraction of admiration for Thomas Jefferson that it has failed to note the lapse of time, and believes the same principles and conditions which obtained then obtain now.

STANDS IN SHARP CONTRAST.

Those who are conversant with democratic legislative methods and gross unfairness—not to employ the harsher term which the facts warrant—in New York, Wisconsin and Michigan will be struck with the courtesy extended to the democracy by the republicans in Rhode

Island legislature. It seems that the democrats in the town of Lincoln neglected to file properly certified lists of their legislative nominees within the legal time. This left them at the mercy of the republicans, who had properly observed the requirements. The democrats had no remedy except through the republican legislature. Without hope of obtaining relief they made their application and to their surprise a legitimizing act was passed. The courtesy extended is the more pronounced because it was granted before the vote had been canvassed and might have resulted in giving a balance of power sufficient to defeat Senator Aldrich. The justness of the act of this republican legislature stands in sharp contrast beside the acts of the democratic legislatures of the states named.

Now it is suggested that Cleveland, Campbell and the rest of the democratic stump speakers be sent to Thomas Reed's district in Maine. They did yeoman service for the republicans in the recent election in Rhode Island, and could be made useful in the coming election. A joint debate between the ex-speaker and the ex-president has been suggested. Thomas Reed would rather hold a joint debate with Cleveland than be elected president. It would be worth going miles to hear. Bring them to Michigan, to Grand Rapids.

COLLECTORS resort to various expedients to obtain from delinquent debtors the amounts due. But very rarely has it occurred that the creditor took the debtor's life in lieu of cash. A case of this kind is reported from Quincy, Ill., where a quack doctor killed a non-paying patient. It is to be hoped that other quacks may not follow this example, as the rate of mortality at their hands is already quite high enough.

COLORADO will make a striking argument in favor of silver at the World's Fair. It is stated that she will surmount her state building with a statue of justice of solid silver weighing 1200 pounds. In one hand will be a sword, in the other a pair of scales equally weighed to represent gold and silver to show the purity of the metals. What will Michigan do?

NOW THAT a new modus has been entered into with Great Britain regarding our seal fisheries, and that Salisbury finally succeeded in incorporating a clause in the treaty which provides for an indemnity to Canadian poachers, it is to be hoped our jealous neighbor to the north will muzzle her feline yowling.

MR. HOLMAN'S fears that the building of a navy may mean a preparation to fight somebody are evidently founded in a desire to save a few nickels. The five-cent policy of the present congress may create a large deficiency bill, but that will be the greatest thing they will accomplish.

CONGRESSMAN O'DONNELL of Jackson, formally announces his withdrawal from the gubernatorial race. He is one of the ablest and most representative republicans in the state, and has earned for himself a political and personal friendship equal to that of any man in Michigan.

THOMAS REED calls Grover Cleveland and ex-Governor Campbell "those Siamese twins of defeat." Rather unkind, but entirely apropos. Tariff reform is the rock on which the twins have been wrecked, but they will adhere to the idea and are willing to be wrecked again.

CONGRESS has rescinded the honor rule permitting the incorporation of whole books into their speeches. This is due to Congressman Burrows. This is the second time Mr. Burrows has demonstrated to the house that even a poor rule would work both ways.

PROSECUTING ATTORNEY McKNIGHT gave the supervisors a lucid explanation of the mortgage tax law and how assessments must be made under it. If Mr. McKnight will do a like service for the men who passed the law, he will earn their lasting gratitude.

PRESIDENT HARRISON and General Alger are on the best of terms, whereas the democratic newspapers fix a presidential slate reading Harrison and Alger. It is not bad, even if it is the product of democratic organs.

HUNGER, the implacable foe which menaces the success of all labor strikes, has practically ended the great English miners strike. It is reported that they will resume work on the terms offered by the mine owners.

GROVER has Kansas solid in his favor so long as his name shall be before the Chicago convention. When the November election comes, Kansas will resolve itself into a liquid, and Grover will be in it—the soup.

CALIFORNIA has had two shocks of earthquake and is still intact. California earthquakes are little less destructive than New York's electrocution machine.

REVERBERATIONS of the recent political storm in Rhode Island which swept away democratic air castles, are still mutteringly rumbling throughout the country.

ONE of the healthy tokens of an improvement in Louisiana sentiment is the news that the lottery barons have been defeated.

CALIFORNIA earthquakes may hereafter, properly enough, be designated as the "great seismic orange gatherings."

MR. PINNEX represents the industrial interests of the state. He employs labor and knows what labor needs.

DURING the past year currency and coin were increased, in the aggregate, something over \$90,000,000.

ALL BY THE TARIFF

The Crockery and Chinaware Manufactories

PUT ON A PROSPEROUS BASE

By the McKinley Bill—How the Industry Has Steadily Grown and Developed.

"What do I make?" said George L. Smith at the Morton yesterday. "Well, I make money a little; oh, in the factory, you mean. Well, it amounts to some 3500 crates of white granite ware, decorated ware and vitrified china made especially for hotels and restaurants. Our factories in East Liverpool, O., are the largest in America, and the largest in the world under one management. We run twenty-three kilns and employ 300 hands. There are twenty-five potteries in East Liverpool, which is a town of 12,000 people and the greater proportion of the men, women and children over 12 years of age are employed in the potteries. Besides china they make door knobs, insulators and other electrical supplies, sewer pipe and yellow and Rockingham ware. The glass factory does a good business in novelties, flasks and fancy goods, for instance the glass revolver whiskey flask of which so many are sold on trains was first made by them. In the Knowles, Taylor & Knowles Co.'s three granite ware factories and one china factory 850 hands are employed, while in the Knowles, Taylor & Anderson Co.'s sewer pipe and pottery supply plants 200 white hands earn their living, the pipe and supply plants requiring twenty kilns.

Women are Employed. In the china and granite ware factories we employ women, from the fact that they are defter with their fingers than the men and can work quicker. The women do decoration and other light work. A good decorator can earn from \$16 to \$18 per week. A skilled potter earns \$2.50 to \$7 a day. They are a sober and respectable class, own their homes and make good citizens. Young boys are employed in making small mugs that require finishing work in their eyes.

All our materials, with the exception of a few acids from Germany are obtained in this country. The clay used for Rockingham and yellow ware is found near to the kilns that used in making china and granite ware comes from Pennsylvania, Maryland and North Carolina. The flint and spar used is from Pennsylvania and New England. East Liverpool is the oldest pottery town in America. It was in 1836 that a family of American potters settled there and began the making of yellow ware. The head of the family died in Baltimore last week.

Prosperous Through Protection. The pottery industry in this country never reached its height until after the war. It is enabled to exist today through the beneficent influence of protection, and had it not been for the McKinley bill we should have been ruined last year. East Liverpool is in McKinley's old district and you may be sure that the workmen there swear by him, and he is a kind of incarnation of everything good in their eyes. Our fuel is natural gas. It was discovered there in 1865, but only in the last eight years has it been used to any extent. I see no signs of the supply giving out, as fast as one well gives out another is discovered. The price of it is about as high as coal, for the combines have rather got the best of us, but it's coal and coal is coming. The town is a model one, with fine pavements and live people. It is forty-four miles below Pittsburgh. The farmers for miles around come there to sell their straw. They get more for it than the Michigan farmer does for his hay. Thousands of tons of it are yearly used in packing goods. Towns like ours, with a population running from 3000 to 12,000 are what make Ohio the state it is.

Gossip of the Lobbies.

John H. Baird of New York City, advertising agent for the Joseph Dixon Crucible company of New York, is registered at the New Livingston. Mr. Baird is accompanied by his wife, daughter and son. He will remain in the city one week.

W. M. Jordan of Portland, Maine, is a guest at the New Livingston. Mr. Jordan is a representative of the great wholesale drug and grocery house of E. S. Burnham, New York City, who does an annual business of over half a million dollars.

C. W. Landen, a Philadelphia music teacher, is at Sweet's hotel. He is negotiating with Prof. Yerxes of the West Michigan college with a view to taking charge of the musical department of that school.

A. M. Tinker of Jackson was at the Morton yesterday. He is grand master of the workmen of the Ancient Order of United Workmen of Michigan, and his time is almost wholly occupied by his official duties.

Ray Warner of Coldwater is registered at the Morton. Mr. Warner will ship his horses to this city Monday and will thereafter reside here permanently. His family will join him in the near future.

C. C. Law of Toledo, traveling passenger agent for the Cincinnati, Hamilton & Dayton, is at Sweet's hotel.

H. N. Anderson of the Greenview millinery firm of the Ancient Order of United Workmen is at Sweet's hotel.

H. J. Connell of the Belding drug firm of Holmes & Connell is a guest at Sweet's.

J. A. Hughton of the Hoozee Tunnel route is at Sweet's hotel.

Wm. Israel of the Illinois Central is at Sweet's hotel.

The Collapse of a Rotten Tenement. With crumbling foundation and shaky, bulging walls, it was not certainly to be looked for that the sudden giving way of a construction capped by brickwork, unreinforced by exposure to hardship and making off with its fresh view beauties of renewed and complete digestion and assimilation of the food, and its consequent reparative action upon the exhausted tissues and impaired circulation. No preparation for the undergoing, without injury, of an unusual amount of bodily or mental work, no means of averting pneumonia, infection, or disorders born of bad diet and impure water, equals this superiorly fine, delicate, invigorating. Take it for dyspepsia, constipation, biliousness, rheumatism, kidney trouble, is grippe.

AMUSEMENTS.

The great railroad scene or effect in "The Fast Mail" was cheered to the echo by another large audience at Redmond's last night. Matinee today.

The sale of seats for "The Pirates of Penzance," which will occupy the stage at Powers next Monday and Tuesday nights, will open at the box-office this

morning. A rush for seats is expected. The Grand Rapids Guard is now the veteran military company of the city and this production in justice to this company should overcome the theater both evenings.

Special Sale at A. & P. Co.'s Store. Two Days Only.

The Great Atlantic and Pacific Tea company will during Friday and Saturday sell twenty-three pounds of granulated sugar for \$1.00, and twenty-five pounds of light brown sugar for \$1.00. This offer will be for Friday and Saturday only. We also will ask of those who purchase sugar to try a small quantity of our excellent tea or fresh roasted coffee. We also wish to announce that we will not deliver sugar unless there is some tea or coffee bought at the same time. Don't fail to try our Mocha and Java at 35 cents per pound, or three pounds for \$1.00. Our Japan and gunpowder teas at 50 cents are having excellent satisfaction. We respectfully invite one and all to come in and examine our goods. It is needless for us to talk on the quality of our goods. The Atlantic and Pacific Tea company's reputation for selling pure and unadulterated goods has long been known, not only in this city, but in all the cities where their two hundred stores have been located. We make this offer for two days only. Do not fail to give A. & P. Baking Powder a trial. Remember the place, 108 Monroe street. Telephone 880.

GREAT EXCITEMENT!

IN GRAND RAPIDS

Words Fail To Do It Justice.

A Cripple of Twenty Years Made Whole in a Few Minutes—Dr. French's Gift.

The most marvelous and charitable work ever done in Grand Rapids has been performed every morning by Dr. French, from 9 to 11 o'clock, at the Grand Rapids Hotel. The element created by his wonderful healing of the sick is something seldom witnessed in a public hall. It is simply impossible to describe the scenes that take place in the hall and must be witnessed to be believed. People flock around him by the scores to be healed and hundreds go as spectators. Yes, on Monday a man came upon the stage saying that he had suffered twenty years in his side from the kick of a horse, and that Doctor French had cured him in a few minutes a few days before, and sitting the action to the statement he ran about the stage waving and praising the doctor. A lady came up, badly crippled with rheumatism and paralysis. She stated to the audience that she had not raised her arm for three years. The doctor, taking her hand, made a few passes across the weak and painful parts, molding and bending the joints until she made the most positive evidence of perfect control. A lady who had a tumor on her neck the size of a hen's egg was greatly surprised to find that it had disappeared in a few minutes under the application of Dr. French's hand. A man who had been deaf ten years was enabled to hear the softest whisper in a few minutes. Men with stiff knees and stiff hips and lame backs and bad stomachs were made well under Dr. French's magnetic touch. The cured would shout and praise the doctor, and the audience would join them in cheers and signs of sympathetic rejoicing. The doctor gave a free lecture to ladies Tuesday morning and will Friday also, from 10 to 11 o'clock. Every other day all are admitted to the hall. The doctor is located at the Vendome hotel where consultations are free. He cures all forms of chronic and acute diseases, and is in charge on his office hours from 9 to 6, except when at hall.

New Route to Colorado.

First-class sleeping cars—electric lighted—run daily between Chicago, Omaha, Lincoln and Denver, via the short line of Chicago, Milwaukee & St. Paul railway—Chicago to Omaha—and the Burlington route—Omaha to Lincoln and Denver. Ice G. R. Ice and Coal company. Telephone 159.

"Royal Ruby" Port Wine.

No good thing should be outlawed because here and there a graceless person treats it badly. It is just as necessary to administer invigorants to the aged and feeble as it is to strengthen a dwelling that is beginning to decay. Not only may life be greatly prolonged by artificial support, but the declining years of those near and dear to us be rendered more comfortable, and age relieved of many of its usual pains and penalties by a judicious use of "Royal Ruby" Port Wine; each bottle is guaranteed by the undersigned to be absolutely pure and over five years old at bottling, or money paid for it will be refunded. Quarts bottles \$1.00; pints 60c; never sold in bulk. See that you get "Royal Ruby." For sale by White & White, Thum Bros. & Schmidt, leading druggists. Bottled by Royal Wine Co., Chicago.

New is the time to buy groceries cheap, as the stock of I. C. Hatch is going at prices that will astonish everybody. Call and be convinced. Never before was there as fine a stock of fancy and staple goods placed upon this market at the prices. Do not delay making your purchases at once.

GRAS, P. RATHBUN, Successors to Ira C. Hatch, 125 Monroe street.

Nurses are requested to call and register in the "Nurses Directory" for the convenience of physicians and others at Jewett Bros. druggists, 87 Monroe street, Grand Rapids, Mich. Telephone 979.

Buy the best and purchase a new process Quick Meal gasoline stove; large stock at Venderhaar & Wiman.

THE LIFE SAVER.

Credit to Both Great Life Savers.

A fireman belonging to one of our engine companies has been called "The Life Saver," because he has snatched from burning buildings and sure death a dozen lives. How much more should the title, "The Life Saver," be bestowed upon that wonderful medicine, Dr. Greene's Nervine, which has saved the lives of thousands upon thousands from the flames of devouring diseases—from sure death by Paralysis, Insanity, Heart Failure, Brain Fatigue, Shattered Nerves, Nervous Prostration, Poor Blood, Malaria, Stomach, Liver and Kidney diseases. It is the true Balm of Life and Health, and should be used by all who are sick, weak, tired, nervous and prostrated. Take it now, do not wait until it is too late. It is the best Spring Medicine. Use it this spring, for you need and ought to take a spring remedy. More especially do you need it if you have had the Grip, and have been left by that disease with weak nerves, debilitated system, and prostrated energies. It will restore your strength and health immediately. Purely vegetable and harmless. Druggists, etc.

"I had awful sensations of fear, with pains in head and back. Could not sleep well and felt tired all the time. I went to the hospital here, but got no relief. My face broke out with pimples and I was almost giving up in despair when I got Dr. Greene's Nervine. Now I am well and strong, thanks to Dr. Greene's Nervine."

MRS. ELIZABETH BROWN, 125 Hartwell ave., Providence, R. I.

Dr. Greene, the successful specialist, in curing all forms of nervous and chronic diseases, 35 W. 14th street, New York, can be consulted free, personally or by letter. Call or write him about the case, or send for prospectus blank to fill out, and a letter fully explaining your disease, giving advice, etc., will be returned free.

Try A. & P. Baking Powder at 45c. Perfectly pure; full weight guaranteed. Great Atlantic & Pacific Tea Co. Telephone 880.

Every man who uses whisky to excess knows that his habit has developed into a disease, but the trouble is he will not confess the fact to anybody but himself. All such men may, without publicity, without being taken away from home or business, and without restrictions of any kind, be cured of the disease known as the whisky habit. Call on or address the International Gold Cure Company, 250 Sheldon street, Grand Rapids, Mich.

LIQUOR, OPIUM AND MORPHINE HABITS

Successfully Treated at the Sanitarium of the Mt. Clemens Monroes' Gold Cure Co.

The worst habitual drinkers can in a few days, by the aid of our treatment, lose all desire for alcohol and can be restored to their normal condition, no more to be physical wrecks, abandoned by their friends and ostracized by society, but can return to their homes after a course of treatment and become respected and honored citizens. While all realize the fearful effects of alcohol, none but the victims of the opium or morphine habit can conceive the misery they entail, who alone know the torture which they must endure, and which is declared by them a living death. The Mt. Clemens Monroes' Gold Cure Co. can positively in 24 to 36 hours eliminate all traces of opium or morphine from the system. For particulars concerning the cure address

Mt. CLEMENS MONROES' GOLD CURE CO., Mt. Clemens, Mich.

PECK'S DRUG STORE

MARSHMALLOW SOAP

10 Cents Per Cake.

This soap is manufactured by Solon Palmer of New York. It is not made of tallow, but of French Pomade. These pomades are used in making Palmer's Extract for the hair, the hair cream, and the hair oil. After the oil is removed from them by means of spirits, the residue pomade is manufactured into soap. Of course the supply of pomade is limited and the output of the soap small, but the quality is the best of any soap in the market, because the pomades are composed of the finest materials and are used for extracting the odor from the flowers. Each cake weighs five ounces. The soaps are free from the alkaline nature so injurious to tender hands and faces. We have had it brandied Marshmallow, to distinguish it from inferior soaps. It cannot be purchased in the drug stores, as the trademark "Marshmallow" is, by mutual agreement, belongs to Peck Bros., and we decline to sell it at wholesale for a box of the Marshmallow Soap and do not upon its merits. Use for three cakes.
